

WHAT IS A MULTIPLE EMPLOYER 401K PLAN?

Through your association with RAM, you are able to join a Multiple Employer Plan (MEP)—a qualified retirement plan adopted by multiple employers, with one organization acting as the lead sponsor. The government recognizes the MEP as if it were a single plan, but each employer who adopts into the plan may select its own provisions. Employers who participate are able to outsource many responsibilities that come with running a retirement plan, and often, help reduce costs.

Why consider joining a MEP?

Because every business owner tells us the same thing: They want a retirement plan solution that...

Is Easy

Situation: They want to focus on their business — they don't want to be a 401(k) expert.

Solution: The MEP can become their 401(k) department, performing most of the administrative tasks for their plan, including handling their regular contribution files.

Protects them

Situation: They don't want to be at risk of paying fines or penalties.

Solution: By joining a MEP, employers can avoid much of the compliance concerns that come with offering their own plan. While their role as plan fiduciary still exists, many specific tasks transition to the MEP. The employer's ongoing role is to oversee the various parties dedicated to the plan to ensure it operates as expected.

Is cost competitive

Situation: They don't want to overpay.

Solution: The MEP delivers more value and services — potentially at similar or less cost than they are already paying. And, as plans grow, they're reviewed regularly for price reductions.

REDUCING WORK, RESPONSIBILITIES AND LIABILITIES

There's more to the fiduciary role than good intentions, or even good returns. It's essential to ensure key responsibilities are met and to adopt a prudent process for selecting and monitoring investment options. A MEP may offer the fiduciary protection many plan sponsors need.
